HELPFUL HINTS

- Your child should not be forced to attend. Be sure he/she is emotionally and behaviorally ready to participate.

HELPFUL HINTS

- **Singing:** Singing helps children learn new words and builds listening and memory skills.
- **Writing:** Scribbling and drawing are considered writing skills and help children develop hand-eye coordination.
- **Playing:** Children learn through play. It promotes creative thinking and helps them learn to problem solve as well as translate thoughts into words.
- **Reading:** When you're reading with your child, you are helping them become independent readers.
- **Talking:** Talk to your child! The more you talk to them the more they will learn.
